

"It's time to speak up for Israel!"

Bridges for Peace and the **Zionist Federation of Australia** have pleasure in presenting a series of open meetings and in depth advocacy workshops by Middle East expert and Israel advocate [Neil Lazarus](#).

With the increased profile of anti-Israel activism, like the BDS movement, and the forthcoming United Nations vote on Palestinian statehood, these meetings are well timed to give to attendees the tools to be able to continue to speak up for Israel.

British-born Neil Lazarus, the author of "The 5 Rules of Effective Israel Advocacy", is an internationally acclaimed expert in the field of Middle East, Israel advocacy and effective communication training.

He is emerging as one of Israel's leading keynote speakers. His presentations are fun, informative and entertaining and his seminars are causing a sensation internationally.

Neil has helped train a new generation of Israeli diplomats and spokespeople.

He received his first degree in Political Science at the University of Wales. Neil immigrated to Israel in 1988 and soon after received his Masters Degree at the Hebrew University of Jerusalem.
